TRUMAN GIVEN ROYAL WELCOME IN WASHINGTON

750,000 Persons Shout Greetings as President Returns to Capital

WASHINGTON, Nov. 5 (AP)—The capital proudly poured forth its people and its plaudits today in roaring acclaim of a returning President who would be beaten.

From the north portico of the White House he will occupy for four more years, Harry S. Truman responded solemnly and humbly.

"I thank you from the bottom of my heart,"

He looked across swarms of people on the White House lawn, crammed along broad Pennsylvania avenue and overflowing Lafayette park. His warm smile disappeared for a moment. He remarked gravely:

"I shall look forward to the help and co-operation of all the people, because we are faced with great issues now which I think we can bring to a successful conclusion."

Sharing the tumultuous welcome, as he shared the triumph of Tuesday's election, was Senator Alben W. Barkley of Kentucky, the next vice president.

Young Amityville Farmer Picked As 'Star' Agriculturist of State

A young Amityville farmer yesterday celebrated his 21st birthday anniversary by becoming the Star American Farmer of Pennsylvania and winner of the Farm Bureau award made annually to the outstanding boy in Pennsylvania.

He is Robert Shaner, past State President of the Pennsylvania association of the Future Farmers of America.

To win the highest honor among Future Farmers of America in the State, Shaner had to surpass more than 8500 boys vying for the position. He was one of nine American Farmers chosen in Harrisburg and then went on to win his Star award from the Washington, D. C., office of the FFA.

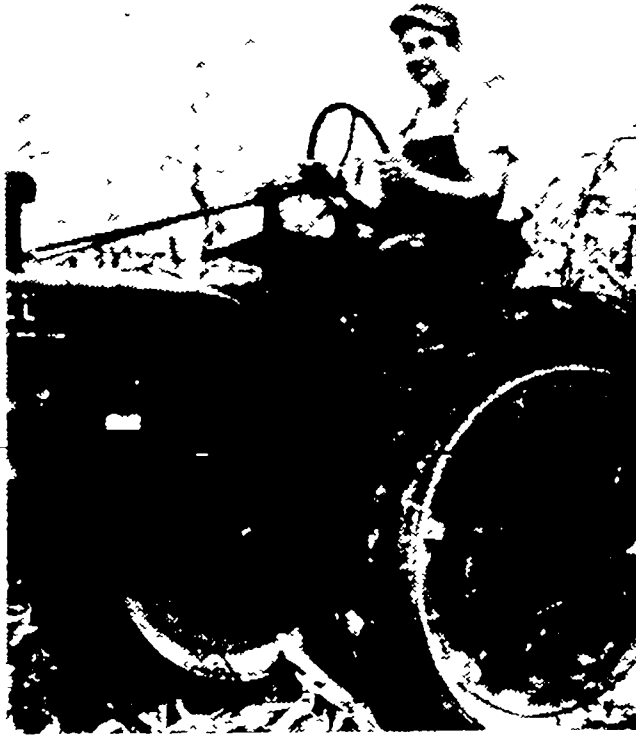

He automatically became the delegate to represent Pennsylvania at the FFA convention to be held in Kansas City, Mo., from Nov. 14 to 18, and winner of the Farm Bureau award. The award will pay Shaner's expenses for the trip to the convention. He will leave by plane next Saturday.

THE AWARDS Shaner received were based upon his leadership qualities, character, ability, and the amount he has invested in farming.

He reeled up an imposing record in the past eight years. Starting in the Ninth grade of North Centerville school as a member of the FFA, Shaner began his career with a tree and a half acre garden and one heifer calf.

Now, eight years later, he owns his own 125-acre farm, 13 cows, nine heifers, 11 pure-bred Hampshire brood sows, 1900 chickens, two tractors, and farm equipment to go with the heavy machines. In addition, he rents 60 more acres of land.

ARCHITECT GIVES BOARD VIEWS ON SCHOOL BUILDING

Limerick Directors Take Steps to Okay Contract; Property Purchase Delayed

Only three days after the citizens approved it in Tuesday's elections, the new Limerick township school last night began slowly to take form.

The school board, meeting at the Limerick school, approved hiring an architect subject to approval of his contract by the board's solicitor. The architect, W. Marshall Hughes, Reading, attended.

Direct approval of his contract on the spot was impossible since the board's solicitor, Wallace Keeley, Norristown, was absent.

After a running, months-long fight, township citizens the past Tuesday approved a \$200,000 bond issue which will pay for the school.

One thing members did find out last night was that purchase of the proposed property has been delayed.

HARRY Berner, board chairman, explained this way.

Originally the board had offered with George Molyneux, owner of a 101-acre farm at Lewis road and Cherry lane. Since those negotiations, however, Molyneux appears to have sold the property for an alleged \$39,000.

Although the board could find no record of the sale or of a deed in Norristown, the new owner appeared to be William F. Hohl, Cedarville.

The board also believed that Hohl was unaware that the school board was interested in ten acres of the property.

Berner told members that he would arrange a meeting in the near future to bring together Molyneux, Hohl, Keeley and the board to iron out ownership problems.

SOON AFTER the property settlement, either the board or the architect will order a survey of the land, after which plans for the building may go ahead.

Hughes told the board last night, however, that work cannot begin until after Winter. He said that he will need about three months to draw up plans, then it will take about 30 days to advertise bids on construction and finally, more time for State approval of the project.

In the meantime, he suggested he and some member of the board should go to Harrisburg to seek approval of tentative plans before going ahead with details. The meeting would be arranged by A. M. Kuip, county superintendent of schools.

THE BOARD asked many questions concerning the cost of the new (Continued on Page Three)

Potteiger Vows He'll Battle to Keep Job

A father and son, both of whom were Japanese prisoners for three years, are shown above in one of the two classes at Ursinus college, Collegeville, which they now attend together. Maj. Frederick A. Bowen weighed 80 pounds when he left the prisoner-of-war camp. He is using his college studies to rehabilitate himself for a teaching career. His son, Frederick A. Bowen Jr., is majoring in mathematics. Both live in Phoenixville.

STREET DEPT' HEAD DEFIES OUSTER REPORT

'Will Stick It Out,' He Says Amid Rumors of Contemplated Dismissal

By ED ROSENBERG (Mercury Staff Writer)

Putting the blast on rumors that he would quit his job as borough highway superintendent, W. Earl Potteiger emphatically asserted yesterday:

"I wouldn't quit now for \$1000. I'm going to stick this out."

Potteiger declared he was well aware that some borough officials had considered firing him, giving as one reason that the superintendent would like to be in a union of borough employees himself, if it were possible.

"Sure, I said I'd like the security of union membership," Potteiger declared, "but I know I couldn't join."

The union under question is the United Construction workers, an affiliate of the United Mine workers. Organized have signed up more than 30 highway and sewer department workers already, and have asked for borough recognition.

AT A SPECIAL meeting of the highway and water committees the past Oct. 29, it was agreed that council would be asked to approve an election by the State Labor board to settle the matter.

But all 28 councilmen dined secretly the past Wednesday night, and among the ideas brought forth were that all borough workers should be dismissed now, and that Potteiger should go.

Declining borough resources and the red-ink condition of the highway department were emphasized at Wednesday night's dinner meeting, as curtailments in borough work were discussed.

Thirteen employees already have been discharged. The borough termed the discharges "seasonal," meaning that the union men blamed an anti-union bias on the part of some of the borough leaders.

THE PAST SUMMER, Potteiger remarked that "I feel like quitting" — I'm tired of being bossed around by so many people." But he since has changed his mind.

When the road workers asked him for advice on joining the union, Potteiger refused to comment.

"If I tried to tell them what to do and something went (Continued on Page Three)

Salesman, 19, Confesses Waldorf Hotel Slaying

NEW YORK, Nov. 5 (AP)—A Canadian businessman was found beaten to death in the fashionable Waldorf Astoria hotel today and less than 12 hours later police said they had a confession from a 19-year-old salesman.

Assistant District Attorney George Monaghan said tonight the salesman, Ralph Edmund Barrows, had admitted "full participation" in the fatal beating of Cameron MacKellar, 36-year-old textile company official.

Monaghan said Barrows made the admission in a verbal statement in the presence of high police officials.

Barrows, six feet tall, dark-haired and well dressed, was being held at a police station for further questioning.

Monaghan said there was "no question" that police had the right man. Monaghan said police were preparing to take a written statement from Barrows.

POLICE SAID Barrows was traced by a match-book cover found on the floor of MacKellar's suite. The match-book listed the name and address of a tavern. Later Barrows was found in the tavern. Police said they gave no details on how Barrows was spotted.

Police advanced no motive for the crime immediately.

Previously police had listed as clues a pair of highball glasses and some setups for whisky drinks found in MacKellar's room.

They said the glasses indicated that MacKellar, general sales manager of the Dominion Textile company of Montreal, had had company in his room.

He was found lying on the floor of the living room of the apartment, leased to him through the Canadian club of which he was a non-resident member. He was fully clad, but the pockets of his clothes had been turned inside out.

Chief Medical Examiner Dr. Thomas A. Gonzales said MacKellar, father of two children, had been severely beaten. He said MacKellar died of a fractured skull and ruptured intestines after being "punched, kicked or jumped upon."

Gonzales said the fractured skull had resulted from a blow or from MacKellar's falling to the floor or against a wall or piece of furniture.

HOWEVER, THERE were no signs (Continued on Page Three)

8 PERSONS DIE IN TORNADES

45 Injured as Storms Rip Through Four States; Houses Wrecked

NEW ORLEANS, Nov. 5 (AP)—Eight persons were killed and 45 others injured when small tornadoes and heavy winds ripped through sections of Louisiana, Mississippi, Kentucky and Georgia early today and tonight.

A vicious tornado smashed through Cedarville, in Northwest Georgia, tonight, injuring five persons, wrecking several buildings, and leaving the town in darkness and confusion. Police 14 & J. Barrett said those injured were cut by plate glass blasted from downtown show windows.

Tornadoes struck early this morning at Ripley, Miss. close to the Tennessee line; near Benton, Miss., in the central area not far from Jackson; and in rural Catahoula Parish (county), La. about 38 miles northwest of Natchez. Miss. A tornado also lashed a community eight miles south of Vicksburg, Miss.

VIOLENT WINDS also swept the central section of Kentucky causing injuries and damage. And another hard wind struck near Alexandria, La.

And in Arkansas last night a small-scale twister concentrated on the municipal airport at Searcy, wrecking two hangars and demolishing nine planes. No one was hurt.

Youth Takes Life; Note Admits Killings Blamed on 'Phantom'

PAYETTEVILLE, Ark., Nov. 5 (AP)—A University of Arkansas freshman ended his life here today and later a note was found in his room in which he admitted committing a "k.o. double murders" at Texarkana in 1946. A wave of unsolved slayings in the Texarkana area there were five in all—were attributed to a "phantom" killer.

Sheriff Bruce Corder of Washington county said the student was H. B. (Dooty) Tension 17, a member of a widely known Texarkana, Ark., family.

He said the youth took poison. A poem found on a dresser said that if the puzzle it contained could be solved, it would disclose how to open a strong box in Tension's room. Authorities instead, broke up the strongbox by force. The note was inside.

SHERIFF CRIDER said the note read:

"Why did I take my own life? You may be asking that question? Well, when you committed two double murders you would too. Yes I did kill Betty Jo Booker and Paul Martin in the city park that night and killed Mr. Stark (Viral Stark) and tried to get Mrs. Stark."

Miss Booker, 15, and young Martin, 17, were the third and fourth victims of the so-called "Phantom" killer, who kept Texarkana in a state of tension for months.

They were found slain April 14, 1946, on a road outside Texarkana. Earlier, Richard Griffin, 29, and Polly Ann Moore, 17, had been slain (Continued on Page Three)

Father, Son Attending College in Same Class

"Years do not make a person old, or lack of years make him young." One is only as old as he permits himself to be.

This was the viewpoint expressed by Maj. Frederick A. Bowen as he attended classes yesterday at Ursinus college, Collegeville, with his son, Frederick A. Bowen Jr. Both are sophomores.

Major Bowen finished his freshman year at Middlebury (Vt.) college more than 30 years ago.

A business career in banking, publishing and printing took him to China, where he married a Pennsylvania girl doing YWCA work there.

A BRIDESMAID at the wedding was Madame Chang Kai-shek, wife of the generalissimo of the Chinese Nationalists.

In 1937, invading Japanese drove him and his family from China to the Philippines because of his anti-Japanese publications.

The Japanese captured the Bowen family in 1942, sending Major Bowen to a prisoner of war camp, and his wife and son to a civilian internment camp.

Before Major Bowen was released in 1945 his weight had fallen from 168 to 80 pounds. He later spent 18 months in Valley Forge General hospital, Phoenixville and retired from the Army.

When he left the hospital, he decided that college studies would be one of the best ways to gain new perspective on life after his scattering experiences.

Intending to become a teacher, Major Bowen said he will work for a Ph. D. degree. His son is majoring in mathematics. They now are Phoenixville residents.

American Civilians Urged to Leave China

NANKING, Nov. 5 (AP)—The 1000 wives and children of U. S. military personnel in China are being sent home and all other American civilians are being urged by the embassy to leave the Shanghai-Nanking area for fear of Communist invasion.

In addition, Vice Admiral Oscar C. Badger said in a news conference in Shanghai that he might shift some Marines from the Tungtiao base to Shanghai, "but only as a protective force."

Admiral Badger, commanding the U. S. Western Pacific fleet, said, "The Marines hold special status and can land on a foreign shore without constituting an act of war. They are recognized by international law as international policemen."

"We may have to bring some to Shanghai."

He said he had no intention of abandoning the Tungtiao base on the North China coast but was prepared to evacuate Americans and civilians of friendly nations "on a humanitarian basis."

Mercury Rises To 16 Degrees Above Normal

Cobwebs collected on a lot of coal shovels yesterday as the mercury took the highroad.

No record was broken but it was the first day since Oct. 2 according to the degree-day heating system that the average home did not have to be heated.

And just to show how hot it is, the weatherman has predicted thundershowers for this afternoon and tonight.

The temperature mean was a good 16 degrees above normal. The norm for the day is 47, yesterday's was 63.

Yesterday's high of 67 and low of 60 were also a far cry from the average high and low of 58 and 38 for the day. But the high record for the day is 77, set in 1935.

Despite the warm in the day could hardly have been called Indian Summer. Periodic drizzles fell most of the day from darkly frowning skies.

The warm wind which began last night at about midnight, accompanied by rising temperature will continue through today the weather bureau forecasted. Tomorrow will be cloudy and cooler.

Kentucky Forest Fire Threatens 50 Homes

RUSSELL, Ky., Nov. 5 (AP)—A forest fire razed southeast of here tonight threatening at least 50 homes in outlying sections of the city and spreading rapidly.

The residential sections of Bear Run, White Oak, and Kenwood were immediately threatened.

Jean Watson Charms Audience At Opening of Community Concerts

By ED ROSENBERG (Mercury Staff Writer)

Pottstown Community Concert audiences gave an enjoyable season ahead of them if future performances come up to the standard set last night by Miss Jean Watson, Canadian-born contralto.

In a long varied and difficult program, Miss Watson displayed a voice of unusual range and power and flexibility, and a control in the use of her voice that almost always made even the most difficult of her selections seem to be produced effortlessly.

Her program included arias from operas by Mozart, Handel, Bizet and Rossini, selections by Schubert and Brahms; an adaptation of a song from a Shakespeare play, a group of Irish, Scottish, American, Bavarian and Italian folk songs, and a selection of light weight, always popular songs, some of which were sung by Miss Watson as part of her generous offering of encores.

Although each unit of Miss Watson's program was without unity in itself, it gave her an opportunity to thrill the audience that almost filled the Pottstown Senior High school auditorium with some aspect of her voice—purity of tone, correct intonation, freshness of power to (Continued on Page Three)

Four Firms Abate Stream Pollution

Four Pottstown industrial concerns have agreed in compliance with orders of the State Sanitary Water board, it was announced in Harrisburg yesterday.

The local firms are the New England Auto Products corporation, the United States Axle company, the Pollock Scrap Iron company and the Pottstown Cold Storage and Warehouse company.

The Pollock organization was required merely to fill in an area near the Schuylkill river to stop waste-water seepage, William Pollock, an officer of the firm, explained.

Lincoln D. Shepler, foreman at the Pottstown Cold Storage and Warehouse company, said that Sanitary Water board inspectors had objected to a small amount of grease that ran from the plant into the stream.

A grease trap was built to keep the waste from entering the Schuylkill river.

At the U. S. Axle company, Lawrence E. Orgill, treasurer and general manager said, waste oil from cuttings now is kept from running off freely.

# Dulles Says U. S. Will Remain Strong to End Grip of Fear

PARIS, Nov. 5 (AP)—John Foster Dulles told the Russian bloc today that the United States has stopped disarming and "intends to be strong" so long as fears grip the free peoples of the world.

From the tone and manner of his speech it was apparent that a firm American policy in the United Nations assembly is shaping up quickly after the past Tuesday's presidential election.

Dulles, the Republican party adviser on foreign affairs, thus indicated the election had not changed in any way the general foreign policy supported by both Republicans and Democrats.

He denounced as "vicious falsehoods" Russian charges that the United States aims for world mastery. Dulles told the U. N. political committee.

"OUR GROWING NATIONAL strength no doubt dispels some, but it does not, I believe, frighten any. I ask each delegate to search his own mind and come to his own conclusion as to who and what his nation fears. I shall be satisfied with a silent verdict, for I know that some fear even to express their fear."

Americans, Dulles said, make no apology for their decision to stop disarming "because our strength is not for ourselves alone." He added: "It is our purpose so to unite and strengthen the forces of freedom that they will not have to fear."

Dulles spoke in a debate on the Balkans. He said Americans had organized "no disloyal groups, no fifth columns, to do our will." In Europe after withdrawing all but a fragment of the huge armed forces which fought in the war. He said this was proof that the United States has no aggressive ambitions.

## 14 Germans Hanged As War Criminals

MUNICH, Germany, Nov. 5 (AP)—Fourteen Germans were hanged today but one accused of tearing scalp knots from the heads of concentration camp inmates won a reprieve. All were convicted of war crimes.

A U. S. Army report said Georg Schallermair, 53, a roll call leader at a Dachau subcamp, had tortured inmates by cutting their hair, "leaving a small portion in the center of their heads which he then pulled out" with his hands. The SS (Elite Guard) man also was accused of exposing inmates to severe cold weather and beating them until they died.

O'Mahoney said one of the factors in the GOP defeat was "failure of the Republican Congress to do anything to hold prices in line."

"For two years GOP congressional leaders have been campaigning for the presidency instead of legislating for the country," he added.

O'Mahoney AND other Democrats said they expected no reprisals against Southern Democrats who opposed Mr. Truman's nomination or supported the States' Rights ticket.

"That all will be forgotten," O'Mahoney said. "We'll have real unity in Congress including support from most of the liberal Republicans."

Johnston, who battled Mr. Truman's nomination but later voted for him, returned with O'Mahoney and numerous Democratic law makers today to take part in the capital's reception and welcome for President Truman.

## Firemen Holding Own Against California Blaze

California firemen battle blaze (above) which has swept an estimated 15,000 acres in the Santa Monica mountains. Man at right is using special chemical to fight the fire. No deaths have been reported and only minor injuries.

## California Firemen Holding Own Against Blaze Sweeping Area

LOS ANGELES, Nov. 5 (AP)—Red-eyed, sweating crews of fire-fighters apparently were holding their own tonight against two brush fires which had swept an estimated 15,000 acres.

Predicted high winds did not develop and a long precision fight to strengthen positions in the Santa Monica mountains and Santa Ana Canyon apparently had paid off.

Still on the alert for dangerous outbreaks, fire officials had not taken time to make detailed checks of losses, and many areas were still too hot to survey.

The Santa Monica fire apparently had covered nearly 3,000 acres and leveled at least 24 homes, although some police estimates ran from 100 to 200. The Orange county

blaze—which on one spur covered ten miles in four hours—had swept at least 12,000 acres, but had burned only five cabins.

Late today they reported that with the exception of one "hot spot" at the head of nearby Santa Ynez canyon, they believed the conflagration had been corralled, but not controlled.

There were no death reports, and only a few minor injuries.

The use of all kinds of fire fighting equipment from every vantage point was in picturesque Topanga canyon in the Santa Monica mountains.

There the settlement of Silvia park was heavily damaged, and flames roared on the 400-home village of Fernwood, only to be halted a half-mile away when 40-mile-an-hour winds died.

## Sex Attack Indicated In Death of Boy

CHICAGO, Nov. 5 (AP)—The body of a boy, suspected sex attack victim, was found in a manhole today, a few hours after his mother suffered a fatal heart attack while reporting him missing.

The victim was 13-year-old William Gervais. His body had been dumped into an electrical conduit vault on the south side that youngsters had been using as a playhouse cave. Although a blood-stained 18-inch bar was found near the body, Dr. Jerry Kearns, coroner's physician said the youth had been strangled.

Dr. Kearns said the victim apparently was strangled by hand. The killer used such a vicious grip, he said, that a muscle in William's throat was broken.

His mother, Mrs. Clara Foote, 45, a widow, was stricken last night in the stockyards police station. She died in a hospital early today before William's body was found.

Timothy O'Connell, chief of detectives, ordered a roundup of known sex offenders in the neighborhood of Fuller park, where the body was found.

## Brussels Alliance to Map Plans for Atlantic Pact

PARIS, Nov. 5 (AP)—The Brussels alliance will begin next week the outline and perhaps the actual draft of a proposed North Atlantic pact with Canada and the United States, British and French sources said tonight. The object is to have the treaty ready to submit to Congress in January.

This development followed the disclosure that the United States already has re-equipped three French divisions in Germany from surplus material. The Russian-licensed press in Berlin termed this action the implementation of a new "Truman doctrine for France," a reference to American military aid for Greece and Turkey to prevent the spread of Communism.

High American, British and French commanders in Germany will confer this weekend with Field Marshal Lord Montgomery, chief military planner of the Brussels alliance, to map strategic plans for European defense.

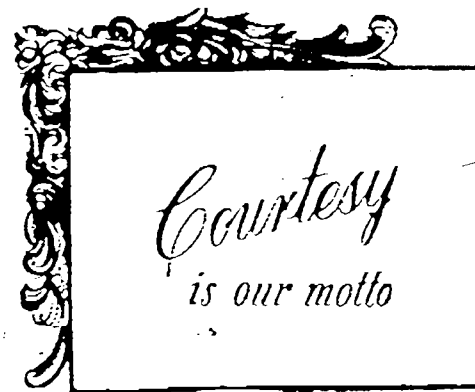

This will take place at Hannover, residence of the British military governor of Germany, even before the representatives of Britain, France, Belgium, the Netherlands, and Luxembourg gather in London next week to discuss the projected north Atlantic pact.

## States' Righters Hint at Return To Party Fold

WASHINGTON, Nov. 5 (AP)—Southern States' Rights Democrats reflexively eyed the Truman bandwagon today.

From States' Rights and regular Southern Democrats came telephone calls to Washington sounding out the wisdom of switching any or all of the 38 electoral votes scheduled now for South Carolina Governor J. Strom Thurmond for president and for Mississippi Governor Fielding L. Wright for vice president.

Democratic national committee representatives said the votes could be switched from the States' Rights candidates to the Democratic candidates unless specific state laws prevent it.

### Airlift to Berlin Expands With New French Airplane

BERLIN, Nov. 5 (AP)—The first airlift plane landed at the new Tegel airport in the French sector today.

The airport is the third to be used in the expanding shuttle of food and fuel into the blockaded city.

The first plane was an American C-54 Skymaster with 20,000 pounds of cheese and it was met by a welcoming committee of high military and German officials and a band.

### JEAN WATSON

(Continued From Page One)

project it throughout the auditorium without straining it.

AFTER MISS WATSON warmed up with an aria from a Haendel opera and Martinelli's "Plaisir d'Amour," she presented her listeners with a ringing version of Mozart's "Alleluia."

In the second portion of her program Miss Watson went from a simple, melodious "Lied" by Robert Franz, to Schubert's dramatic "Erlking," which she sang clearly in English.

Then, she ascended to the coloratura contralto range in an aria from Rossini's "Barber of Seville," with the upper tones as clear and strong as the occasional chest tones of the alto range into which Miss Watson also proved capable of dipping.

ONLY ONCE did Miss Watson fall below par during the evening. The tricky words of Saint-Saens' "Danse Macabre" required nearly all of her attention, with the result that this song, which was meant to be a terrifying bacchanale of the dead, turned out to be quite a tame little dance.

Variety in the program or the singer, who charmed the audience with her appearance as well as with her voice, continued in her final selections, as she sang a group of folk songs.

They ranged in mood from a lively Italian patter-song, to a North Carolina comic song, to the Irish "The Falling Star," a brief selection that proved one of the most appealing of the evening.

Her accompanist, George Trovilo, contributed his own share to the program, with an interlude of four piano solos.

The fanfare of critical praise that preceded Miss Watson's appearance here seemed quite justified, and if the Pottstown Community Concert association really wants to do its subscribers a favor, it will bring Miss Watson here again in future seasons. She should always be welcome.

### Colebrookdale Man Held After Crash

William Reimauer, 69, Colebrookdale, Boyertown RD 2, was charged with drunk and disorderly conduct early this morning after a light sedan went out of control on Route 100 near Halfway House and crashed into a telephone pole.

He was arrested at the scene of the accident by Upper Pottsgrove Police Chief Elmer R. Fritz, who had been called by passers-by.

There were no available witnesses to the accident.

The sedan apparently was traveling north on the highway. The entire right front of the car was smashed and the right rear tire punctured.

Uninjured, Reimauer was taken by Chief Fritz to Pottstown borough hall. The warrant was sworn out before Justice of the Peace Raymond C. Kelley, of the Second ward, who will conduct the hearing today.

### TRUMAN

(Continued From Page One)

dent Truman never had seen anything like today's reception. The Democrats fanned out of school when they tried to stage a gala welcome when Mr. Truman returned from a campaign swing the past September.

But this time it was a champion returning from his Missouri home. The President's special train backed into Union station late this morning, Mr. Truman on the rear platform waving his hat to hundreds of people strung along the track to greet him.

The throng set up a yell. A police band put everything it had into such hit tunes as "I'm Just Wild About Harry" and the "Miserable Walz."

structure, in which the township's first six grades eventually will be taught.

Few specific answers were given by Hughes because, he explained, plans were too indefinite to know even what was wanted in the school. He was definite on his fee, though. It will be 5 percent of the building cost.

The architect suggested that the building be one story high. Not only will this look better, he said, but there will be none of the fire towers, stairs and reinforced walls necessary in a two-story structure.

Members were told that the general contracting job, the heating, plumbing, electricity and furniture all will be on separate contracts. But each, Hughes stressed, cannot be let under State law, unless it is for a specified amount for a specified job. Thus, there will be no "cost plus" contracts.

The board, with its solicitor, will meet with Hughes soon for reading and possible approval of his contract.

### BEFORE DISCUSSION OF THE

building, the board voted approval of:

1. Issuing new permanent contracts to teachers with more than two years experience, a measure called for by recent State law.
2. Buying a \$65 adding machine.
3. Renovating the Washington school room of the township's school nurse.
4. Requesting school teachers to police rooms at least once a week.

Supervising Principal Howard Michener told members that the radiators in the Washington building, Limerick, which have been in leaky condition, will be fixed probably this morning.

All members attended the session.

There was no immediate estimate of the time of death. A gold watch worn, the only piece of jewelry found on him, was still running, giving no clue to the time of the fatal attack.

His wallet was found in the room. It contained no American money. The only currency in it was \$5.14 in Canadian money, two Malaya bills and a Chinese bill, apparently souvenirs.

wrong," he pointed out. "I'd be letting myself open for a lot of criticism. I just told them to do whatever they thought was right."

He described his concern over the workers, some of whom have worked for the borough nearly 20 years.

None of these men have Social Security, Potteiger pointed out, and most of them would have nothing on which to fall back if they were dismissed.

HE WAS NOT surprised to read in yesterday's edition of The Mercury that some councilmen looked upon him with a disfavor.

"I knew some of them were after me over a week ago," Potteiger declared, "before they had that borough association meeting in Royersford."

It was then, he declared, that he made up his mind that he would fight dismissal, and would adamantly refuse to quit.

Potteiger was the only borough official to comment in any way on the story of council's steak dinner, published in yesterday's Mercury.

Of the 20 councilmen and five other leaders who were there, none voluntarily affirmed or denied any part of the report.

SATURDAY, NOVEMBER 6, 1943

If a man look sharply and attentively, he shall see Fortune; for though she is blind, she is not invisible.—Bacon.

The Party Line

In 1937, in a speech before the University of Washington luncheon club, Harry Bridges, the militant head of one of the principal unions of longshoremen, said:

"We take the stand that we, as workers, have nothing in common with the employers. We are all in a class struggle and we subscribe to the belief that, if the employer is not in business his products will still be necessary and we will be providing them when there is no employing class."

In 1947, Mr. Bridges was quoted in the official I.L.W.U. paper as saying:

"A country that has a totalitarian government operates like our union."

Last September, when his union was engaged in a strike against employers, Mr. Bridges was quoted by one of the leading San Francisco daily newspapers as saying:

"When this strike is finished, we will be out of business or they will be out of business."

Mr. Bridges is entitled to his views and, certainly, they have the virtue of leaving nothing to the imagination.

The important issue is just what proportion of labor in this country subscribes to such ideas—and just what it thinks will happen if the "employing class" which Mr. Bridges despises is destroyed.

It should be obvious to a child that if the present "employing class" is sent to the junk heap, another must take its place. And the new employer would be the government, which is precisely what has happened in Russia and the other total states that Mr. Bridges apparently admires.

If the government is the dictator of the instruments of production, it must also be the dictator of all labor—the people who run the machines. No one can strike against the government without being guilty of promoting civil war.

The result—and here again Russia is the perfect example—is a system of slave labor, where no one dare dissent and everyone does precisely what he is told on pain of the severest penalties.

The fact that labor in this country can strike; that is can wring concessions out of employers; that it can stand up on its own feet and say what it thinks, that it can win elections, as it did Tuesday, is the finest possible example of democracy in practice.

Under socialism and communism, by contrast, with the government as the only important employer, the working man and the union are nothing but tools of the state.

It is a pleasure to record that many a tough and intelligent labor union chief, knowing this, has fought for the principle of free enterprise. Unless we have free enterprise we cannot have free and independent labor.

That is the tremendous issue that will determine the welfare, the future, and the living standards of all the workers of this country.

Fire Marks

WHEN fire insurance companies were first organized in this country, and for a considerable period afterwards, policyholders were issued fire marks—metal devices which were attached to the properties covered, much as street numbers are today.

They served two primary purposes—first, to discourage malicious arson by showing that the owner would not greatly suffer if the building were destroyed; second, to guarantee to the hotly competitive fire brigades of the time that the outfit which extinguished a blaze on the premises would receive a handsome reward from the company.

As a consequence, the fire alarm bell was the signal for a pell-mell race to the scene by all the brigades in the vicinity.

Times have changed, and fire marks are now collectors' items. Practically all property of any value is insured. We aren't expected to reward the firemen for their services. But the menace of fire, always serious, is infinitely greater than in the long-gone era when the fire insurance companies were formed to provide an essential protection.

We are the most careless and wasteful people in the world when it comes to fire. Because of our negligence, fire takes 10,000 lives a year. It destroys \$700,000,000 worth of property. It accounts for an indirect loss which runs into the billions. It consumes irreplaceable natural resources.

The fire mark of yesterday adorned the property of foresighted citizens. The foresighted citizen of today has his insurance policy in his safe—but, at the same time, he should be taking an active part in the war against fire.

Wal, I see by the papers where three pramsters barged a Kentucky police station with eggs. How could they have mistaken the coppers for politicians?

An item says someone now is agitating the minting of a half-cent coin. That's a good idea, but about 18 years too late!

And say: Notre Dame, rapidly running out of football opponents, might take a blast from Clifton, the bag which ran and won a horse race all by its lonesome.

Hope'n' you air the same.

'All Get Equal Treatment'

To the Editor: Some of our friends and supporters in the local labor unions are quite distressed by my remarks at Wednesday evening's Community Chest meeting.

I was merely pointing out some particular shortcomings in our campaign efforts to date and I administered equal treatment to all of our groups, including the classified teams, the ward teams, the industrial division and the labor division.

As a matter of fact, I understand that the labor representative present at that meeting, Mr. David Bechtel, expressed himself afterwards as feeling that probably all of our campaign teams were in need of the treatment which I attempted to deliver and that the labor division certainly intended to continue to work just as hard as the other divisions in obtaining the \$10,000 still needed to meet our goal.

The aid of labor in our Red Feather drive, under the able leadership of Chairman James Corum, has been splendid and is sincerely appreciated.

Therefore, I am glad to give my personal apology to the Pottstown labor unions for any unfortunate impressions from my remarks and to express the gratitude of the board of directors of the Community Chest for labor's fine support.

Truman Upset Means

Underdog Now Topdog

By RAY TUCKER

WASHINGTON, Nov. 5.—The amazing Truman election, which has left every so-called political expert without a shirt or an apology, means that the underdog has become the topdog in the United States. Franklin D. Roosevelt's body may be buried in the rose-enriched plot at Hyde Park. But his spirit marches on.

The American people have voted for the fifth successive time for the social and economic reforms which, in the opinion of the majority, give greater security and a more decent livelihood to them and to their children.

It was an uprising of workingmen, housewives and their husbands, farmers, racial and religious minorities which returned Harry S. Truman to the White House when even his own associates were prepared for almost certain defeat.

Some time ago members of the Reading police force were doing the same, but the mayor ordered his men to quit either one of their jobs. He said they could not do justice to both jobs. Norristown did the same. On the big Philadelphia force, no man holds two jobs. Do you people think our police should hold two jobs? Where's our savings? Doesn't he know this?

Meaty Comment

To the Editor: This monkey business about the councilmen stuffing themselves with steak and all the trimmings should bring plenty of "beefs" from the taxpayers—the small ones, that is.

They've been feeding us a lot of "bologna" for a long time. Must think we are just a bunch of "hams" satisfied with the hind quarter while they take the gravy. If they don't want to talk "turkey" with their constituents, we ought to "chuck" them out on their "rumps."

To the Editor: The Russians are bluffing, says Gen. Hap Arnold.

What's wrong with that? It's an international poker game that's going on in Europe. The general should know that, in poker, a strong bluff is better than three aces. If you can get away with it.

NO. I DID NOT consent to testify in this case. If this girl was hypnotized, so, probably, are 9 out of 10 people who buy. For the process of selling is really a first cousin to hypnosis, anyway, in that the buyer's attention is so completely focused on the merchandise that he is often oblivious of other practical considerations.

Children are notably examples of such "easy marks," as Joan for they think in terms of the present, and seldom can imagine the future difficulties in meeting deferred payments.

Joan isn't particularly intelligent, anyway, as her attorney admitted, which is one reason she reacted so childishly and contracted for luxuries far beyond her ability to pay.

When people get themselves into such dilemmas, it usually indicates either lack of social experience or lack of intelligence. However, getting into debt is not always an indication of subnormal intelligence or inexperience, provided a man's credit or ultimate ability to pay is adequate, and the investment is logically sound.

Indeed, the late John D. Rockefeller Sr. actually advised young men to go into debt for sound purchases, such as education or a business since it then made them work diligently to make ends meet. This resulting hard work and thrift were of great practical value to them in later life.

In the old days, the goal of a salesman was the sale. Nowadays, however, the modern salesman is more interested in producing a satisfied customer.

Apparently, this jeweler was of the old school, for he oversold the customer, and certainly realized this fact when he was procuring the data for her installment financing.

His best plan would be to cancel the contract upon return of the merchandise in good condition.

The new high school courses in budgeting and marital psychology will do much to eliminate such childishness in handling financial problems as Joan demonstrates.

So encourage more stress on money management, even in grammar school.

JOBS UPON A TIME

Mel Ott, once a star baseball player, was later (until midsummer, this year) manager of the New York Giants. Ott was born in Gretna, La., and at the tender age of 16 became a member of the Giants. The late John McGraw watched Ott bat a homer during a tryout and said, "Don't tell him, but that kid's got the finest natural batting form I've ever seen." Mel made good, becoming the team's most popular player and is now a Giants' executive.

Versatile Raymond Paige of radio, has conducted everything from movie theater pit bands to symphony orchestras. Born in Wisconsin, his dad wanted him to be a lawyer, but Raymond preferred to be a violinist, not as soloist, however, for stage fright drove him to take refuge in the violin section of the orchestra. He took lessons in conducting, composition, harmony, theory, counterpoint and instrumentation and then discarded the bow for the baton.

# Seminary Professor To Give Sermons at 40 Hours' Devotions

The Rt. Rev. Monsignor John F. Rowan, D.D., L.L.D., L.L.S., professor of Sacred Scripture and Hebrew at St. Charles Seminary, Overbrook, will preach the course of sermons at the evening exercises during the Forty Hours' devotion at St. Aloysius church tomorrow, Monday and Tuesday evenings.

Monsignor Rowan did postgraduate studies at the Pontifical Biblical university in Rome and at the Biblical Institute of Jerusalem. He is considered one of the outstanding Biblical scholars of our day.

The subjects of Monsignor Rowan's sermons will be as follows:

**Sunday evening:** "The Catholic Church and the Bible."

**Monday evening:** "The Catholic Church, the Mother of Learning."

**Tuesday evening:** "The Sacraments, the Channels of Salvation."

THE FORTY HOURS' devotion in the Catholic Church consists in a solemn exposition of the Blessed Sacrament during 40 hours, in honor of the 40 hours during which the Body of Our Lord rested in the tomb. In countries where the nocturnal exposition is not feasible, the exposition is held during three consecutive days.

Introduced by St. Anthony Maria Zaccaria in Milan and Vicenza in the year 1527, it was spread to many places in Italy by the Capuchin, Joseph of Fermo, and was introduced into Germany and Rome by the Jesuits under St. Ignatius. Today, at every moment, some Catholic church in the world is keeping the Forty Hours.

In St. Aloysius church, the devotions will begin with a Solemn High Mass and procession at 11 o'clock tomorrow morning. The evening devotion will be held at 7:30 o'clock tomorrow, Monday and Tuesday evenings. On Tuesday evening the devotion will close in a solemn manner with the chanting of the Litany of the Saints and a procession in which the men of the parish will participate.

The morning Masses on Monday and Tuesday will be at 5, 6, 7 and 8 o'clock. The last Mass will be a High Mass.

Confessions will be heard in all languages this afternoon and evening by the Rev. William A. Buesser, pastor of St. Mary's church, Delphi. Confessions also will be heard on Monday and Tuesday evenings after devotions.

Since this devotion is public proof of a Catholic's belief in the Eucharist, it is believed that every man, woman and school youngster of St. Aloysius parish will take an interested and active part.

# Bible Class Federation To Meet Tuesday Night

The monthly meeting of the Pottstown Federation of Men's Bible Classes will be held Tuesday night at 7:30 o'clock in the Second Baptist church, Hale street.

**These are the SCRUBS!**

They're warming the bench today. But next year most of these boys will be "regulars"—a few will become stars. They're waiting their chance.

And don't think that they spend most of their time on the sidelines. They see plenty of action at every practice—they come up against the "varsity" in every scrimmage. They're getting ready for their chance.

Have you ever thought of your youngster as one of today's "scrubs"? He has his dreams and hopes; he's waiting his chance to realize every childish ambition.

Are you helping him to get ready for tomorrow's opportunity? Are you giving him the advantage of religious training in the Church?

Now, while your youngster knows life only as a fascinating game, the Church can teach him the rules, can guide him toward the right goals, can develop his spiritual and moral strength.

For the Church there is no substitute!

# Gay Glitter Show to Gleam With Grandeur

Grandiose costumes of satins, tulle, and silks; glittering jewels of rubies, sapphires, and emeralds set in gold, silver and platinum and beautiful women wearing them will be the theme of the gay glitter show presented in the Sunnyside ballroom, on Wednesday night at 8:30 o'clock. Highlighting the event will be the perfume pageant with many pretty models, exquisitely dressed to resemble the mood created by the perfume the wearer represents. An added feature this year will be the male models to be included in the perfume pageant. It is reported that five men will participate, though their names will not be made public until just before the show. Models in the extravaganza will include Mrs. Mary Wylie, extreme left, who is showing the winged effect of a gleaming satin robe for midnight entertaining. Descending the stairs is Mrs. George Parker wearing a deep, dead black tulle with off the shoulder neckline for a gala night at the club. With this she wears matching black mitts and choker of pearls with like earrings. In the center is Mrs. Edgar Ryder attired in one of the costumes of the perfume pageant which is bound to make the male attendance of the show higher than in any previous year. In this photo she represents the spirit of the hollyherry. Seated on the sofa is Mrs. Robert Mismier as she graciously accepts a cup of tea from Mrs. Albert Kessler, production manager of the show and commentator. Nearly 2000 are expected to witness the pageant of 30 models at their best on a 250-foot runway which will extend through the exact center of the ballroom.

# Norristown Woman Talks on Arrangements To Garden Club in Kenilworth Residence

One can do a lot with a very little. Mrs. Theodore Heysham, of Norristown, demonstrated yesterday afternoon at the meeting of Pottstown Garden club members in the home of Mrs. Russell Tyson, Kenilworth.

Mrs. Heysham emphasized the point that one can change the atmosphere of a room by the change of the color of flowers rather than switching the draperies and furniture.

One of her finest arrangements was the artful placing of one flower at the base of multi-colored Fall leaves. Another arrangement that received great acclaim was that of a branch from an azalea bush with magnolia leaves charmingly placed about red cocombs.

Mrs. Paul Mogel received the first award for the best arrangement, one of white chrysanthemums in a silver container, while Mrs. Samuel Harner received the second award for yellow chrysanthemums in a copper bowl. Mrs. Maurice Mosheim was third with an arrangement of white chrysanthemums in a pewter container.

**HONORABLE MENTION** went to Mrs. Carson C. Potter who had arranged a blunt looking squash to resemble a duck, using sweet gum leaves to place in the scooped-out back; raisins for the eyes, orange crepe paper for the feet and yellow crepe paper for the bill.

At the Memorial in Manatoway park, to World War veterans, now nearly completed, the garden club will participate in the exercises to be staged. They have arranged a planting of evergreens for the center with the four corners on the outside planted with perennial flowers. In charge of arrangements are Mrs. Carson C. Potter, Mrs. Ray Eppehimer, Mrs. Francis Hunsberger, Mrs. Harry Buchert and Mrs. Harry Christman.

Mrs. George Bullard and Mrs. Raymond Eppehimer poured at the tea served to more than 50 members attending. A centerpiece of brown, yellow and gold chrysanthemums decorated the table.

The next meeting will be in the form of a Christmas meeting at the home of Mrs. C. C. Burdun, Rose-gate drive, with Mrs. Charles Nagle in charge. Christmas arrangements for the home will be stressed and exchange of gifts will take place.

A large umbrella decorated in pink, blue and white crepe paper hung from the ceiling with streamers to which the gifts were attached.

A luncheon was served by the hostesses at a late hour.

## Advice to the Lovelorn

★ ★ ★

### A Girl Who Hates Her Mother

THIS will probably be the most shocking letter you have ever received or ever will receive in the future," begins a communication that has just reached my desk.

The letter was written by a girl who says she is "going on fifteen" and the reason she thinks her letter is so shocking is because she says flatly that she hates her mother.

"It all started about a year ago," she writes, "when I discovered my mother was lying to me. Now I find I can't believe anything she says because I found out that so many of the things she tells me are lies.

"Last Summer I thought that if I went away to camp, I would forget my hatred for my mother but she would not let me go away. She did let me go to visit a friend from my church over a week-end, and her clothes perhaps I would be so homesick that I'd love my mother when I got back but I was wrong. It was like heaven being away from her. When I got back, I hated her even more, because she showed no love toward me and while I was away, the lady I visited did show love to me.

"I have an older sister and a brother. My brother is my mother's pet, but he is in the Army so my older sister gets all the attention. She works, but still my mother buys her clothes, but never buys me any. I always have my sister's old clothes. My mother never gives me any money, so now I take it from her without her knowing.

"I'll do anything you say."

SAD AS IT IS to say this, the first thing I must tell this pitiful child is that she might be surprised if she knew how many letters I get from girls of her age who also say they hate their mothers. Sometimes the trouble is with the girl herself, she is spoiled and selfish and develops a grudge toward her mother if she doesn't get everything she wants.

Unfortunately, however, in many other cases I am afraid the situation is definitely the mother's fault, and very often because she favors one child more than another. As a result, the child who gets the least

love feels rejected, and the only way she can fight back is to hate her mother.

That is, of course, what has happened with this girl who writes me. The mother favors the two older children and ignores this younger one. If her mother would, as the child puts it, "show love toward her," it would certainly be a beginning toward straightening things out. As it is, they seem to be going from bad to worse, with the child taking money from the mother's purse because she cannot get any in a legitimate way.

As for the "lies" of which the daughter accuses her mother, one would have to know a good deal more about this angle of the case before passing judgment. But the impression I get of the mother in the letter leads me to believe it quite possible that she is not a person who could always be trusted.

THE SOLUTION of this problem would have to begin with the mother. But unless some one can get to her, and wake her up to a realization of the havoc she is creating in her child's life, it seems hopeless to look for improvement from that direction.

As for the child herself, about all she can do at this time is to try as hard as possible to do and say only the things she knows to be right, so that she will grow up to be a trustworthy person herself in spite of her present handicaps. She will not help herself a bit, but may only make things harder, by such actions as stealing money from her mother, a practice which I hope very much she will stop.

Perhaps there is some older person in whom she could confide—a teacher at school, some one in the church she mentions, or maybe the friend she spent the weekend with during the Summer. I hope that she will think over the possible people to whom she might go and discuss her problem, for there must be some one in her own community who could be of help to her.

If she would care to write me again, giving me her name and an address to which I could send her a personal letter, I will try to aid her in finding that person, if she cannot think of anyone herself.

The truck driver, John Steffy of Reading, said he wanted to turn right at the intersection but had to back up first to obtain enough clearance.

The truck, owned by the Ace Home Improvement company of Reading, was not damaged.

## Fraulein Sauer Is Sweet On Brother of Betrothed

Says Elizabeth:

"Karl, 25, was a handsome young man and a good boy. I knew there could never be an only son but him."

Ralph accepted her. Right now Elizabeth and her daughter are awaiting written permission from her parents in Germany to marry.

The brothers are still best of friends. And their parents Mr. and Mrs. George Guber love Elizabeth. They said they want her for a daughter-in-law — either way.

## Ain't Got Leg to Stand On After Losing on Elections

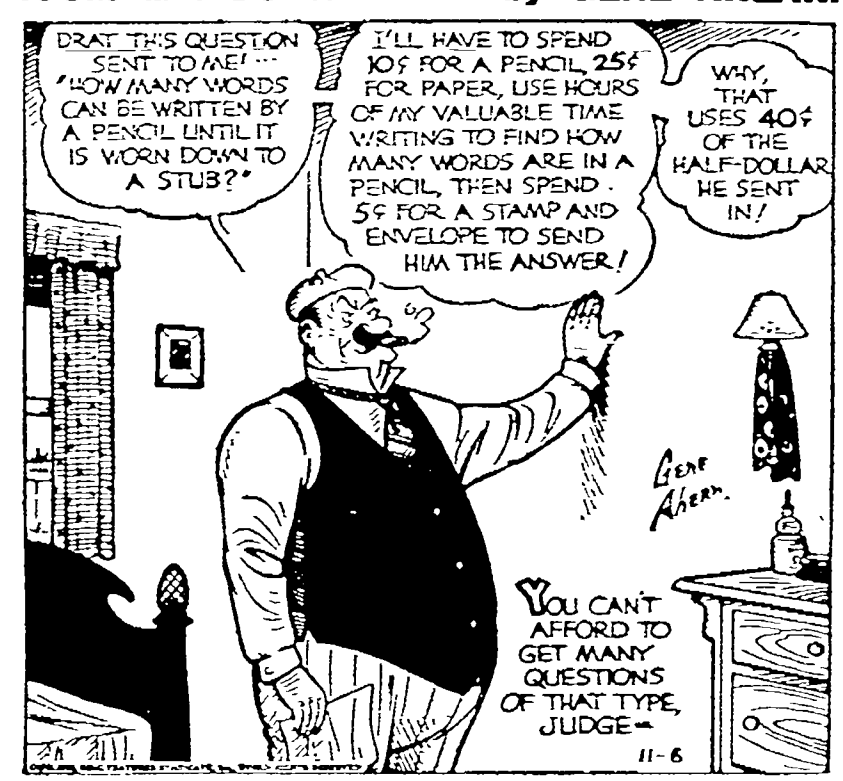

CONOVERVILLE, Ind. Nov. 5 (AP)—Stair Brown was so sure of Tuesday's election that he waded his wooden leg. He lost it to Mayor Glen Henderson, but he has it back on lease from the mayor at 50 cents a year.

It is estimated that all the diamonds in the world are worth about 15 billion dollars.

A good kicker can always get a football team out of trouble and that's why Bobby Mauger, Trojan quarterback, spends plenty of time at practice limbering up his kicking foot. Mauger is shown in the above photo just as he drops the ball and starts to bring up his right foot to meet the ball. Bob Dobry, Bob Stouch and Sam Green (left to right) give Mauger some protection as he gets the kick off. Tom Pollock (No. 29) can be seen in the background as he rushes in to block the kick.

## Greenies and Eagles Battle For Montco League Crown

East Greenville makes its last bid for the Upper Montco Football league championship this afternoon, traveling to Royersford to match wits and brawn with the defending titlist from Royersford High.

The Greenies have rolled up seven consecutive victories to date and are a big threat to Royersford's championship. The Eagles have chalked up five wins this year. A 6-6 tie with Berksport is the only blemish on the record.

The kickoff of today's game between the two unbeaten teams is scheduled for 2:15 o'clock.

ROYERSFORD officials announced yesterday that they are expecting the biggest crowd of the year to watch today's battle on the Royersford gridiron.

Today's game is the last Upper Montco league fray for the visiting Greenies. A victory would give Coach Dave Prichard's gridders the league championship.

Royersford, however, can only assure itself a tie for the championship today. The Eagles

close their league schedule next week against West Pottsgrove.

Both the Greenies and Falcons are high scoring teams and both coaches have been stressing defense this week.

The Greenies' latest victim was Pennsburg High, who fell by the wayside a week ago by a 34-6 score. Royersford scored a 20-18 triumph over the Coatesville junior varsity the past weekend.

Coaches last night announced that no changes will be made in their starting lineups for today's tussle.

Probable starting lineups:

Pos.	East Greenville	Royersford
LT	Alm	Wolfe
LG	Schoenkopf	Kline
RG	Stoneback	Miller
RT	Green	Kolp
RE	Kola	Neubert
RB	Pennepacker	Frederick
QB	O. Basceman	Carl

RHB	Schwayer	Keller
FB	Ziegler	Rehman

## Penn-Penn State Expected to Play Before 80,000 Fans

PHILADELPHIA, Nov. 5 (AP)—The football forces of Penn State and Pennsylvania, so evenly matched the odds makers won't give a point either way, collide at Franklin Field tomorrow with the teams risking unbeaten strings of 15 and 14 games, respectively.

In these days of explosive football, the greater part of American fandom has come to expect T-formation sleight of hand, 50-yard touchdown runs and fancy passing as it regular Saturday diet.

But the bill of fare for the Penn-Penn State game has none of these ingredients. This comes from single wing offenses of both clubs and the strong likelihood of rain.

THE WEATHERMAN says there will be scattered showers all afternoon.

This isn't going to subdue the spirits of the sellout crowd of nearly 80,000. But rain could put a decided damper on passing attacks, throwing the balance of power squarely on the shoulders of the linemen.

Penn State set a new defensive record against rushing the past season, and many of this year's linemen are holdovers. On the other hand, Penn ranks second in defense against rushing this year.

Some forecasters say the game can't end any way but nothing to nothing.

WHETHER or not this will come to pass hinges largely on whether the fleet, tricky State backs can cope with Penn's big line or whether Penn's slower, hard-running backs can penetrate State's defense.

State's backs have been consistently better than Penn's this year. Penn's linemen have been better than State's.

Coach Bob Higgins of the invading Nittany Lions says he's going to stick to the ground, rain or shine, and that he expects his big boys will be able to crack the Red and Blue forward wall.

THE KEY PLAYERS in State's offense will be Elwood Petchel, Wally Triplett and Frank Rogel. Petchel is the fancy dan, a 147-pounder regarded as one of the trickiest backs in the land. He's also a fine passer.

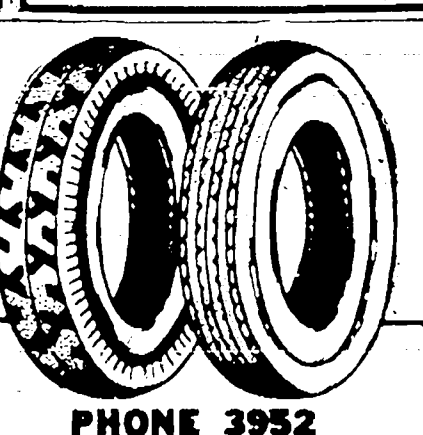

Triplett is the speed merchant, the guy who can go all the way—if he gets through the line. Rogel is the bruiser, the big full-back who puts down his head and batters at the line.

Penn's Coach George Munger has been busy devising defenses against all three. And he's been working on his own offense, spearheaded up to now by Francis (Reds) Bagnell, Ray Dooney and Bill Rhoads.

Peter, Myrtle Charm and Mr. Basher.

Picking the winner is tough, but Greentree stable's Capot certainly is due for heavy backing. The son of Menow set a new track record here just the past Saturday, cutting one second off the mile and sixteenth mark—the same distance as tomorrow's futurity.

## FALCONS HOST TO COLONELS IN MONTCO TUSSLE

Game Marks Alumni Homecoming Day at West Pottsgrove

Collegeville High sends its football team to West Pottsgrove this afternoon to clash with the Falcons in the latter's first annual Alumni Homecoming Day tussle.

The Colonels, winless in four games this year, are looking for their first victory and their first touchdown. The Colonels haven't scored a single point thus far this year.

West Pottsgrove has won once in five games to date and rule as favorites in today's tussle.

COLLEGEVILLE dropped a 5-0 decision to Pennsburg a few weeks ago while the Falcons hold a 5-0 triumph over the same team.

Rainy and windy weather and occasional showers has been predicted for today's game. A year ago these teams battled on a rain-soaked gridiron and the Falcons splashed through the mud puddles for a 6-0 triumph.

Coach Bill Goheen announced yesterday that Al Stauffer will not play against the Colonels today. Stauffer sprained his right arm a week ago and will sit this one out. Stanley Strelecki will replace Stauffer at his end position.

Probable starting lineups:

Pos.	Collegeville	West Pottsgrove

RE	Thomson	Gich
RB	Schoup	Strelecki

## Pirates Travel To West Lawn To Meet Wilson

"On to West Lawn" will be the battle cry of Spring City high school Pirates, who travel this afternoon to meet Wilson high school.

The Spring City eleven will enter the fray minus two players who are benched with injuries but hope to add another game to the win column. Phil Carl, dependable halfback, injured a shoulder recently, and Lee Eagle, an end, has a chipped elbow from the Marlboro-Newtown encounter two weeks ago. Larry Davis and Earl Nelson are available to call for backfield duty to fill Carl's shoes, while Rosen or H. Carl and Mull will man the two wing spots. Other positions will be covered by the regular starters.

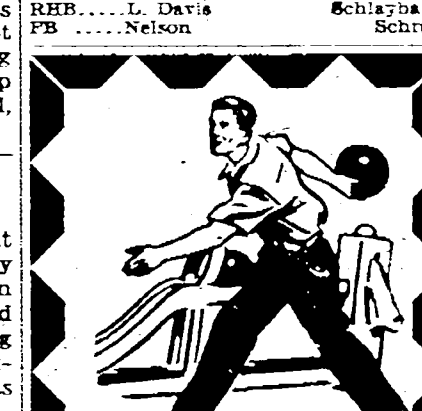

The Pirates have now won five out of six games, losing only to Nether-Province, by a 13 to 19 decision. After today, they will have but one more game to go, before the big game with Royersford, at Spring City, Thanksgiving day morning. Next Saturday Spring City will face Boyertown at home.

Probable starting lineups:

Pos.	Spring City	Wilson

### Maria Assunta AC Risks Streak Against Twin-Boro Tomorrow

Unscored upon in its last four games and sporting a streak of six consecutive victories, Maria Assunta AC puts its record on the line once again tomorrow afternoon but this time against a stronger foe—Twin-Boro AA.

The two local grid teams are scheduled to battle it out for the mythical championship of the Pottstown area on the West Pottsgrove High field tomorrow at 2:15 o'clock.

Maria Assunta has defeated teams from Philadelphia, Reading and Pottstown, but none of the teams are rated as strong as the Twin-Boro aggregation.

The Twin-Boro team has been dominating football in the Pottstown area for the past few years, but Maria Assunta is now making its bid to rule the local football world.

MARIA ASSUNTA officials said last night that they are expecting the largest crowd of the season to witness tomorrow's tussle.

Both teams ended practice late last night and coaches reported their teams to be in top physical condition. Both teams held practice daily during the week.

Twin-Boro is seeking its second straight victory in Pottstown. A year ago, the Royersford-Spring City combine defeated El Chico AC, 13-0.

Maria Assunta, however, has molded together a team that over-shadowed the 1947 El Chico eleven and is sure to give Twin-Boro a run for its money. The local grid team has scored 99 points to date and is almost sure of crossing the Twin-Boro goal line at least once tomorrow.

Coach Earl Strange announced last night that Guy Sperat and "Booby" Nimmerichter will captain the Maria Assunta team in tomorrow's game.

Probable starting lineups:

Pos.	Twin-Boro	Maria Assunta
LT	Clemens <td>S. Cimino </td>	S. Cimino

Other starters in the backfield will be Bob O'Connell, Stanton Doss and Jack Markle.

## Coatesville Invades Franklin Field

### TROJANS SEEK FIFTH VICTORY OF '48 SEASON

Entire Pottstown Team Available for Game, Coach Meyers Reveals

Having divided two games on foreign battle soil the past two weekends, Pottstown High's Trojans return to Franklin Field this afternoon to set up their defense for the invasion of Coatesville's Red Raiders.

The kickoff of this annual grid war between the Trojans and their Chester rival is scheduled for 2:15 o'clock. Cloudy and windy weather with occasional showers has been predicted for today's tussle.

Coach Heber T. Meyers and his Trojans return home this afternoon after losing at West Chester two weeks ago and winning at Conshohocken the past weekend. The last time the Trojans played before a home crowd, 13-7 decision to Phoenixville.

The Pottstonians have a record of two wins and one setback on their home gridiron and their record away from Franklin Field also shows two wins and one defeat.

COATESVILLE comes to town this afternoon in quest of their fourth triumph. The Red Raiders, playing one of their toughest schedules, have won three, lost three and tied one.

The tie was a 6-6 deadlock with West Chester's Warriors a week ago. The same West Chester team eked out a 7-6 win over the Trojans two weeks ago.

Gene "Muff" DiOblida and Bill McGowan are the leaders of the Coatesville eleven. DiOblida, although playing the fullback role, is Coatesville's scabback while McGowan does most of his running through the line.

THE TROJANS today will be out to avenge a 13-0 defeat suffered at Coatesville under the lights a year ago. They also will be out to repeat their performance against Coatesville here two years ago when the Raiders fell hard under a strong Pottstown eleven, 19-14.

Pottstown will have its entire varsity squad available for action for the first time since the Norristown tussle four weeks ago. Coach Meyers announced yesterday that all players who have been nursing injuries for the past four weeks are in good physical condition and will see action today.

The Trojan mentor also announced that the same team that started the Conshohocken game the past week will get the call to start today's tussle.

Probable starting lineups:

Pos.	Coatesville	Pottstown

### WEST READING PLAYS HOST TO NORCO TODAY

Wildcats Seek First Win In Four Weeks; No Changes Made in Lineup

North Coventry's Wildcats will be looking for their first victory in four weeks this afternoon when they travel to West Reading to face the improving Cowboys of West Reading High.

The Cowboys have been improving with every game, but they ran into a stone wall a week ago when Muhlenberg rolled to an easy 40-6 triumph. Muhlenberg, however, is the strongest team in the Berks conference and is headed for another championship and an undefeated season.

Norco hasn't tasted the fruits of victory since it scored a 7-6 victory over Marple-Newton four weeks ago. Since then the Wildcats have lost to Boyertown and Spring City and battled to a 14-14 tie with Wyoming.

West Reading holds a 7-6 victory over West Pottsgrove, North Coventry's Thanksgiving Day opponent. Fans will be watching today's score to compare the strength of the Falcons and Wildcats.

Probable starting lineups:

Pos.	West Reading	North Coventry

### BOYERTOWN HIGH HARRIERS ANNEX DISTRICT 3 CROWN

Boyertown High's harriers ended Reading High's four-year reign as District Three, PIAA, cross country champions yesterday afternoon.

Led by Captain Jim Houpp and Foster DeGrosso, the Bears finished with a low score of 26 points, 11 points under Reading High's mark.

Reading, however, managed to qualify for the State finals next Saturday at State College. The Red Knights are the defending State cross country champions.

LEBANON and Oley also participated in yesterday's district meet out finished way behind Boyertown and Reading.

Houpp paced the field of 31 runners all the way and came home well ahead of his teammate, Foster DeGrosso. The Boyertown captain covered the 2.4 mile course at Gene Venzke's golf driving range below Reading in 11 minutes, 24.5 seconds. DeGrosso was second, finishing six seconds in back of the winner.

Ed White, Lebanon, finished in third place and Ken Lawrence, Reading, was fourth. Boyertown's Bill Klemann, finished fifth.

The entire Boyertown and Reading teams will make the trip to State College next week to compete in the State finals.

## Golden Cubs Lose Final Game Here To Ardmore, 25-6

A muddy field failed to hamper Ardmore Junior High's scabbacks yesterday afternoon, and the Main Liners hit for four touchdowns to crush the Golden Cubs of Pottstown Junior High, 25-6, before approximately 500 fans at Franklin Field.

The game ended the 1949 grid season for the Cubs. The loss was the fourth of the year as compared to two victories. The Cubs have won seven games and lost five in two years with Coach Gene Kauler at the helm.

After seeing one of its touchdowns called back in the first period, the Main Liners started a march that covered nearly 60 yards to hit paydirt late in the opening stanza. Eddie Thomas, on a double reverse, climaxed the drive by scoring from 10 yards out.

Ardmore's second TD came in the second period with Earl Pendleton scampering 48-yards to score on a delayed buck right through the middle of the Pottstown line.

THE VISITORS made it 18-0 in the third period as Pendleton tossed a 33-yard aerial to Tony Ciraco, and the latter raced 25 yards for Ardmore's third touchdown.

Pottstown came back to score early in the fourth period. Stan Chaplin set up the TD with long runs and then worked the ball to the five on line smashes. Frank Harrison, on an end around play, scored standing up from the five.

Ardmore's final TD came in the final minute of play. Tony Delapio intercepted Dave Ricketts' pass on the Pottstown 35-yard line and scampered down the sidelines untouched to score. Ciraco then passed to Thomas for the extra point.

Pottstown's touchdown was the first six-pointer scored against Ardmore this season. The Main Liners are undefeated and will finish their season next week against unbeaten Upper Darby.

Lineups:

Pos.	Ardmore	Pottstown

Points Worth Saving

FEW PEOPLE ever think that being a lightning calculator is of value to a bridge player. But it surely is, in many situations. To take one, suppose you have learned enough about your partner's hand to make you feel sure there is a grand slam in the cards, and you are ready to bid it. Right at that stage, with the last bid of your side at 5-No Trumps, suppose one of the defenders tries to have some innocent fun by doubling you. Are you going to redouble, in fury at the temerity, or will you go ahead and bid the grand slam in spite of him? Figure out which pays better.

# Official County Vote Shows Dewey Had 44,464 Majority

By Staff Correspondent  
NORRISTOWN, Nov. 5.—Although he could not win nationally, New York's Gov. Thomas E. Dewey carried Montgomery county as a majority of 44,464 votes in Tuesday's election, the official tabulation showed here today.

He rolled up 83,576 votes to President Harry S. Truman's 41,112. Progressive party candidate Henry A. Wallace received a scant 1069 votes in the county.

Republican incumbent Congressman Samuel K. McConnell Jr. was assured another term as county Representative as he received 84,545 ballots to the 42,118 of the Democratic candidate, Harry H. Keller, of Ambler.

For the post of State treasurer, Republican candidate Charles R. Barbee had 66,661 votes to W. J. L. 42,813, while the Republican candidate for Auditor General, William B. Hays, ran up 84,543 ballots to the 42,878 received by Democratic Ramsey S. Black.

In the Third district, of which Pottstown is part, the Republican candidate for representative in the General Assembly also won easily.

The official result was 54,814 for Howard F. Boorse 54,319 for Henry J. Rogers and 53,910 for Raymond C. Kneaz, while Democrats Peter Sennecor came out with 25,052, Mary M. Doury with 26,274 and James C. Costello with 25,372.

In the Second district, Republican Charles H. Brunner Jr. rolled up 8799 votes to the 7687 of J. Raymond Corrigan, while in the First district, Lambert Cadwalader beat Emily L. Ehle, 21,213 to 8035.

# Birthday Just in Time

Russell B. Long, Louisiana's senator-elect son of the late Huey P. Long and nephew of Louisiana's Gov. Earl K. Long, blows out the 30 candles on his birthday cake at his Eaton Rouge, La., home. He became old enough on this birthday to occupy the Senate seat he won the previous day. At left is his daughter, Kay, 4.

# Pep Rally Spurs Trojans to Victory

With the echoes of "Hi-Ho's" and "Long 18's" ringing in their ears, Pottstown High school's Trojans left a school-wide pep rally yesterday afternoon determined to sink Coatesville Raiders in the annual Alumni Homecoming tilt today.

The were spurred on to victory efforts by Allen Levensood, Edward Pennypacker and William Wolfendale, former captains of Trojan teams, who will be enthusiastic spectators at today's game.

Coach Heber T. Meyers forecast a dine-don't battle on the gridiron, predicting that both teams will not go scoreless. Coatesville has converted its former powerhouse eleven into a wide open razzle-dazzle combo, he said, as he told a thousand yelling students their fighting cheers will help the team.

The former captains who spoke to the student body briefly were introduced by George "Pud" Rath, Trojan co-captain who acted as master of ceremonies.

Head Coach Leader Joan Fulmer and her boys of assistants led the cheering and singing, abetted by the Pottstown High school band.

# Grocer Caught in Middle of U. S. Boundary Dispute

VALLEYFIELD, Que., Nov. 5 (P)—Marcel Machabee is in trouble today because the international boundary line slices his meat store in two.

Machabee's store is at Dundee, on the south shore of the St. Lawrence River. He and his grocery shelves are in Canada. Customers stand in the United States, on the Fort Covington, N. Y., side of the border.

The Royal Canadian Mounted police have charged him on four counts in behalf of the Canadian Foreign Exchange Control board. He is accused of failing to declare U. S. currency, of dealing in U. S. currency, of paying Canadian currency to non-residents of Canada and of failing to keep records and books of account.

He pleaded innocent to all charges today and was bound over for a hearing Dec. 3.
